Contents

Accepted in Nov.29,2002

[STRUCTURAL ANALYSIS]		Supervisors: Y.Ishiyama, H.Takizawa, T.Asari
KITAMURA Natsuko	Seismic Strengthening of Reinforced Concrete School Buildings	1
TSUJIMI Shin-ichiroh	Effect of Damping Distributions along the Heights on Seismic Response of Buildings	3
HATA Naomi	Relationship between Time-Series Analyses for the Response of a Simple Pendulum	5
[STRUCTURAL PERFORMANCE]		Supervisors: O.Joh, Y.Goto, A.Kitano
TASHIRO Amane	Experimental Study on Anchorage Behavior of Exterior Steel Column base with T-Shape Steel Anchors - Performance of Shear Resistance-	7
HARAFUJI Sayaka	Experimental Study on Shear Resistance of Interior R/C Eccentric Beam-Column Joints	9
TAKASE Yuya	Experimental Study on Anchorage Behavior of Exterior Steel Column base with T-Shape Steel Anchors -Performance of Pull Out Resistance-	11
FUKUDA Fujito	Experimental Study on Seismic Strengthening of R/C Structural Walls with an Opening by Carbon Fiber Sheets and Grids	13
[STRUCTURAL PLANNING]		Supervisors: M.Ueda, M.Kikuchi, K.Inoue
OSAWA Tatsuhiko	Seismic Load Distribution of Isolated Buildings based on Design Standard	15
KUMAGAI Shuji	Seismic Response Analyses of Isolated Buildings with Eccentricity	17
MIURA Tomomi	Free Vibration Analysis of All-Edges-Clamped Slab-Column Structures based on Mindlin Plates Theory	19
AZUMA Keiichirou	Finite Element Analysis of Reinforced Concrete Slabs Including the Transverse Shear Deformation and the Bond-Slip of Reinforcement	21
[BUILDING MATERIALS]		Supervisors: F.Tomosawa, O.Senbu, T.Hasegawa
INOUE Kana	An Assessment on the Adaptability of Building Materials in the Recycle-Oriented Society	23
TANIFUJI Aiko	A Study on Applicability to Cold Regions of External Wall Insulated with Cellulose Fiber	25
DOI Yukari	A Study on Brief and Briefing for Design in the Case of Public Buildings	27
MABUCHI Eri	Influence of Alternating Immersion on the Result of Critical Degree of Saturation Method	29
[STRUCTURAL ENGINEERING AND MATERIAL SCIENCE UNDER SEVERE ENVIRONMENTS]		Supervisor: T.Nawa
KITAJIMA Maria	Properties of Concrete Made with Truck Mixing Plant	31
SHIMIZU Ryu	Numerical Simulation of Heat Generation of Concrete Using Mathematical Model for Hydration of C ₃ S and C ₂ S in Cement	33
[URBAN PLANNING AND DESIGN]		Supervisors: H.Kobayashi, T.Setoguchi, T.Ozasa
UMEZU Gaku	The Typical Character and Intention of Land Use in Urbanization Control Area -In the Case of Obihiro Region,Asahikawa Region and Sapporo Region-	35
UMEMURA Junya	Evolution of Community Design Taking Opportunity of Planning Process -Case Studies on Municipal Master Plan and Public Facilities Planning-	37
SUGIYAMA Tetsuya	Direction of Neighborhood District Reorganization as Implied by Communities' Responses -Case Studies on Neighborhood District Planning at Shinkotoni,Motomachi,Maeda in Sapporo City-	39
HAGA Takeshi	A View of Planning Process and Partnership from Activities in BIDs -In the Case of Portland City,Denver City and New York City-	41
KAKITA Jun	Characterization and Typology of 81 Urban Planning Areas in Hokkaido	43

[URBAN DISASTER PROTECTION PLANNING]		Supervisors: H.Kagami, S.Okada, N.Takai	
KAMOI Yuta	Overlay Analysis of Different Hazard Maps -A Case Study in Sapporo Considering Earthquake and Flood-		45
KOZAKAI Taishi	A Monographic Survey of Disaster Prevention Plan for Underground Shopping Center Focused on Fire, Earthquake and Flood Disasters		47
SAITO Takashi	Application of Multi-Agent System to Refuge Problem -Construction of A Simple Escape Model-		49
TAMURA Atsushi	Floor Plan Analysis to Uncover the Mechanism of Mortality in Earthquakes		51
[ENVIRONMENTAL PLANNING]		Supervisor: A.Koshizawa	
ANDO Taichi	A Study on the Scenic Landscape and Development Tendency in The Fine Urban Area of Sapporo City		53
SASAKI Chie	A Study on the Policy of the Townscape Conservation and Revitalization in the Western District of Hakodate		55
MATSUMOTO Satoshi	A Study Toward the Revitalization of Water City Niigata -Urban Change of the Waterways and Shinano River-		57
SHIROTA Fumiaki	A Study on the Meaning and Role of the Green Belt Plan in Harima Coastal Area		59
[ARCHITECTURAL HISTORY AND DESIGN]		Supervisors: Y.Kado, M.Ishimoto	
MATSUMOTO Yuusuke	A Historical Study of Kita 1 Jou Dori St. before WW II in Sapporo		61
MOCHIZUKI Kohji	A Study on the Main Schoolhouse Built in 1908 of Iai-Gakuin(Former Iai-Jogakko)in Hakodate		63
YAMASAKI Yukiko	A Study on the Practical Use or Management of Historical Buildings and the Disclosure or Exchange About Theirs Information		65
SAKAKIBARA Shimon	A Study on Foreign Books of Building Owned by Kaitakushi		67
MAKINO Hiroshi	A Historical Study on Characteristic Places with Indigenous Atmosphere in Sapporo		69
[PLANNING AND DESIGN OF LIVING ENVIRONMENT]		Supervisors: J.Majima, T.Noguchi, M.Morishita	
KEI Fumihiro	Living Style and House Plan of Farm House with Kang in Sheng Yang,Northeast China		71
SAKAI Tomohiro	Study on the Dwellers' Evaluation about the Quality and Performance of Houses		73
SATO Masami	Housing Design and Living Style of Detached Houses in Snowy and Cold Region through the View of the First Floor Level		75
MIZUKAMI Takahiro	Living Condition and Resident's view in Collective Houses for the Aged -In Case of Public Housing Built in 1990-1991 in Otofuke,Akabira and Takikawa-		77
YOKOYAMA Hiroko	The Action and Mind of Participants in the Workshop for People-Joined-Planning -In Case of, the Square Park Planning in Ishikari,Hokkaido-		79
[ARCHITECTURAL MORPHOLOGY]		Supervisors: T.Oku, H.Hayasaka, S.Ikegami, S.Mori	
JO Yuka	Informed Consent and Post Occupancy Evaluation in Housing Environment Design -A Case Study of Order-Made House in Kyoto,Japan-		81
TANAKA Satoko	Characteristics of Wheelchair Users' Navigation in Town		83
MANDAI Yusuke	Study on the Change Tendency of the Air Temperature in World Cities and Factor -Urban Warming and Global Warming-		85
[ARCHITECTURAL ENVIRONMENT]		Supervisors: M.Enai, H.Hayama, T.Mori	
ODA Chihiro	A Trial on Color Planning for Housing Exterior under the Climate Condition		87
KIKUTA Koki	Thermal Characteristics of RC Buildings Installed External Insulation		89
TAKAHASHI Hiroki	Development of Convenient Calculation Method for Natural Room-Air Temperature for Exercise		91
FURIHATA Yuki	Efficient Cooling System for IT Equipment in a Data Center		93
