

2011 GCOE SUMMER SCHOOL

21-22th August

JOZANKEI MANSEIKAKU HOTEL MILIONE

Three GCOE summer school principles

1. Summer school is organized by the students and for the students.
2. Summer school is to encourage self-discipline.
3. Summer school forces everyone to use English to improve internationalism.

Let's deepen our friendship and enjoy the summer of SAPPORO !

Qualified

Students who belong to the graduate school of chemical sciences and engineering (Departments of pure and applied Chemistry in Faculties of Science and Engineering), Hokkaido University.

Students who belong to the Asian graduate schools of chemistry and materials science in other Universities.

Special Lectures

Prof. Norio Miyaura (Hokkaido University)

"Metal-Catalyzed Reactions of Organoboronic Acids"

Prof. Jacek Lipkowski (University of Guelph)

"Building biomimetic membrane on an electrode surface"

Program

21th August (Sun)

Special lectures

Poster session

Social gathering

22th August (Mon)

Oral session

Recreation

Registration

Registration Fees : ¥15,000

(GCOE supports the DC students as their travelling fee up to ¥12,000.)

MC student and Professors are welcome to join us.

Please send (Dead line: 7/29)

e-mail : t-endo38232@mail.sci.hokudai.ac.jp

All the students are require to give the poster presentations.

(The official language is English.)

Organizing Committee

Takashi Endo (D1, Faculty of Science)

t-endo38232@mail.sci.hokudai.ac.jp

Yoshitaka Satoh (D1, Engineering institute)

Yoshitaka0115@eng.hokudai.ac.jp

Yu Harabuchi (D2, Faculty of Science)

y_harabuchi@mail.sci.hokudai.ac.jp

Hiroshi Yoshida (D2, Engineering institute)

yoshida@cse.hokudai.ac.jp

Kiyotaka Asakura

(Professor, Catalysis Research Center)

icrc@cat.hokudai.ac.jp
