

TC 202 Transportation Geotechnics

Date: September 6, 2016

Time: 13:00 -13:30

Place: “meeting room” at Vila Flor Cultural Centre.

Attendees: 21 TC202 Members + 2 Friends

Meeting Minutes

1. A very short summary of the 3rd ICTG will be provided by Prof. A. Gomes Correia at the closure session and a more detailed one at the ISSMGE bulletin.

2. Some activities related to TF 6 and TF 7 were introduced by Prof. Erol Tutumluer. The members of each task force and the leaders were requested to send a very short summary of their related activities to Prof. Erol Tutumluer. In addition, an update of the TC202 website was requested by Prof. Mike Winter and Prof. A. Gomes Correia to list 3rd ICTG conference proceedings and presentation files for keynote lectures. The committee members were asked to send any new information to TC202 secretary.

3. Recipients of Proctor Lecture

1st Proctor Lecture delivered by Prof. Buddhima Indraratna at the 3rd ICTG.

2nd Proctor Lecture will be presented by Prof. A. Gomes Correia at the 19th ICSMGE.

4. Recent and upcoming activities of TC202 were reviewed by Prof. Erol Tutumluer.

New information to be provided by a member will be sent to TC202 secretary for an update of the TC202 website. In addition, Prof. Andreas Loizos gave an update on the paper submissions to the BCRRA2017 conference event.

5. TC202 will likely to have two 90-minute paper sessions at the 19th ICSMGE – Seoul 2017. In addition, TC202 proposed a Workshop session, entitled, “Moisture and Compaction Measurements of Subgrade Soils and Stone based Road Infrastructure Materials” (After some discussions, the title was changed to “Moisture and Compaction

Measurements of Subgrade Soils and Road Infrastructure Materials”). Members interested to present a research topic in this workshop were encouraged to send their presentation tiles to TC202 chair. In addition, a report of TC202 with 2014-2017 activities described in the terms of reference will be prepared and edited by the TF leaders and members with relevant contributions to be made available at the TC202 sessions and workshop in Seoul (17-22 September 2017).

6. The 2nd Young Transportation Geotechnics Engineers meeting will be held at the Central south University in Changsha, Hunan Province, China, in 2018.

7. The next conference of TC202, 4th ICTG event, will be organized by the University of Illinois at Urbana-Champaign in Illinois, USA, in 2020.

8. The next TC202 meeting will take place during the 19th ICSMGE – Seoul 2017 (17-22 September 2017).

Respectfully reported by
Tatsuya Ishikawa, Secretary
on behalf of
Erol Tutumluer, TC202 Chair
