

TC202 Workshop on Railroad Geotechnics at XVI ECSMGE, Edinburgh, 2015

Sunday, September 13, 2015, 13:30-17:30

Venue: Tinto Room, Edinburgh International Conference Center (EICC)

Call for participation

Technical Committee **TC202 Transportation Geotechnics** of ISSMGE will be organizing a Workshop on **Railroad Geotechnics** to be held at the XVI European Conference on Soil Mechanics and Geotechnical Engineering in September 2015.

Members of TC202 and affiliates are invited to contribute presentations (approx. 15 minutes) on topics relating to **Railroad Geotechnics** that fall within the overall Conference Theme of **“Geotechnical Engineering for Infrastructure and Development”**. There are a number of sub-themes identified for the conference.

- Theme A: Infrastructure and Development
- Theme B: Slopes, Geohazards and Problematic Materials
- Theme C: Environment, Water and Energy
- Theme D: Investigation, Classification, Testing, and Forensics
- Theme E: Parameters and Modelling
- Theme F: Developments in Education and Practice

If you are interested in participating please send a title for your presentation and a 200 word summary on what it would entail to the TC202 Secretary Dr. Tatsuya Ishikawa by Friday, 26 June 2015:

Dr. Tatsuya Ishikawa
Secretary, TC202, the Technical Committee on **Transportation Geotechnics** within ISSMGE
Laboratory of Analytical Geomechanics
